

CAKE CARE GUIDE

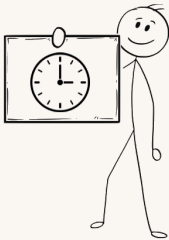

Pick up and carry the cake box from the bottom only. Never from the top or sides.

Place the cake in an air conditioned vehicle in the passenger footwell or in the trunk. Drive slowly avoiding sudden stops and turns. Don't put the cake on the seat in the car!

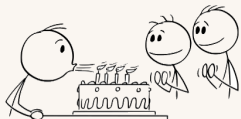

Store the cake in the box in a refrigerator. Keep away from direct sunlight, moisture and heat when not in the fridge.

Remove all cake decorations before cutting and serving. Cutting the cake is easier and neater when it is still cold.

Store leftover cake in the refrigerator in an airtight container up to 3 days (72 hours). Not recommended to freeze.

And the most important thing! Have fun at the party!
Be happy!
